CURRICULUM: ACCP PRIME2.0

SEMESTER: CPISM

FACULTY: SIR HAFIZ FARZAN KHAN

CERTIFICATE OF RECOGNITION:

This certificate is awarded to the makers **PETBOT** Limited for their outstanding contribution to the world

This certification is for companies that meet international standards for quality management systems. It demonstrates that a company has consistent processes for product quality, which is crucial for manufacturing plastic bottles..This certification focuses on the company's environmental management system, ensuring that they operate sustainably and minimize environmental impact. This certification focuses on the food safety and quality of packaging materials, particularly for companies in the food industry. It's applicable to companies that supply packaging for food and beverages, including plastic bottles.

- If the company produces plastic bottles using recycled materials, they may obtain certifications to prove the percentage of recycled content used in their bottles.
- A certification for companies producing sustainable, circular products that can be reused or recycled.

Presented On: FEB 02,2025

FACULTY: SIR HAFIZ FARZAN AHMED

ACKNOWLEDGEMENT:

We would like to express our sincere gratitude to everyone who has contributed to the successful completion of this project.

Our heartfelt thanks goes to **Sir Hafiz Farzan Ahmed** for providing invaluable guidance and support throughout the whole process.

We are deeply grateful to our colleagues and team members for their hard work, dedication, and collaboration. Their efforts have been instrumental bringing this project to fruition.

We would also like to thank our families for their love and support, which has allowed us to stay focused and motivated.

Finally, we extend our thanks to all those who have provided us with the resources and opportunities necessary to complete this project.

This project would not have been possible without the help and support of all of you. THANK YOU 

SYNOPSIS:

Overview:

PETBOT is a leading manufacturer of high-quality plastic bottles and containers, specializing in producing sustainable and eco-friendly packaging solutions. Established in [2025], the company has become a trusted partner for brands across various industries, drinking water, household chemicals, pharmaceuticals, edible oils, liquor, hair care, pesticide ,fragrance, skin care By focusing on innovation and sustainability, **PETBOT** has carved a niche in the competitive packaging market.

Mission Statement:

To provide the highest-quality, sustainable plastic packaging solutions that reduce environmental impact while meeting the diverse needs of our customers.

Products and Services:

- **Plastic Bottles :** Manufactured from PET (Polyethylene Terephthalate), HDPE (High-Density Polyethylene), and other food-safe plastics for a wide range of industries.
- **Custom Mold Design:** Offering tailored plastic bottle designs to meet the branding and functional needs of clients.
- **Recycling:** Providing products with high recycled content and facilitating the recycling process through responsible production and packaging.

Categories:

- Drinking water
- Household chemical
- Pharmaceuticals
- Edible oils
- Liquor
- Skin care
- Hair care □ Pesticide
- Fragrance

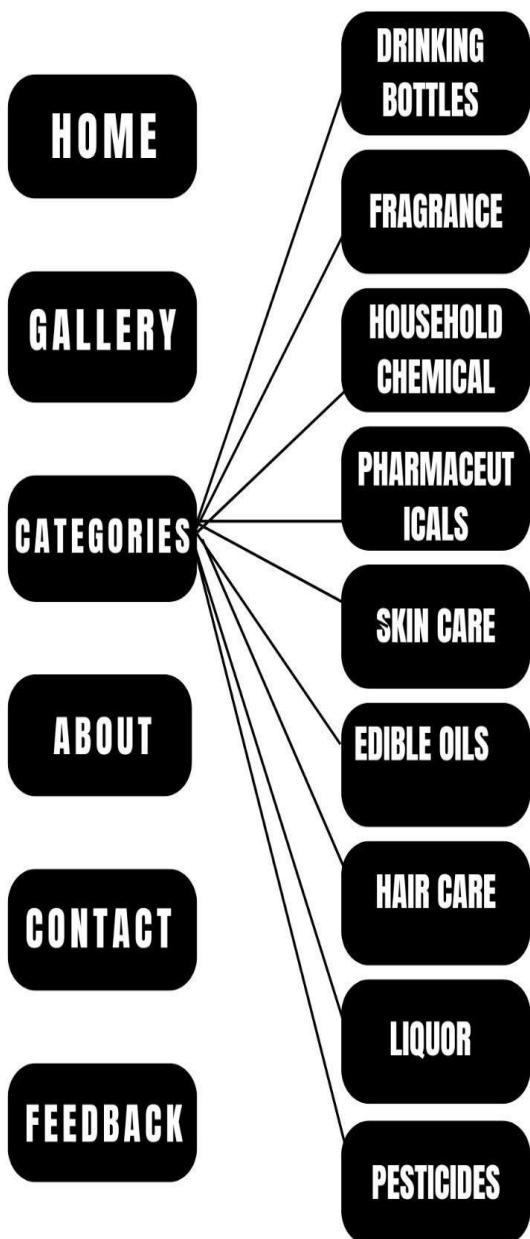

PROBLEM STATEMENT:

PETBot company, are one of the eminent business entities engaged in manufacturing, supplying and exporting a wide range of PET/PP/PC Bottles. The company has state of the art manufacturing unit of PET bottles. They have PET Bottles making Plant. Available in customized form, their machines are used by several manufacturing companies in making of packaged drinking water, household chemicals, pharmaceuticals, edible oils, liquor, hair care, pesticide etc.

. Requirement Specification:

- The Web site is to be created based on the following requirements.
- 1) The Home Page should be created making use of Sections with a suitable logo, the header section can be added which will show images of various bottles.
- 2) The site must contain the links to navigate through any category for the information.
- 3) Links of bottles can be categorized like (Bottles, Jars, etc.)
- 4) Specification and Pricing of Bottles can be added along with the images.
- 5) Gallery section can be added for viewing different images.
- 6) Feedback must be allowed to enter by the viewer
- 7) Site map, Gallery, about us, Queries link, Contact us link must be added.
- 8) The complete description must be allowed to get download as pdf or doc file. □
- 9) The advertise section with various facilities provided should be mentioned.

SITE MAP

Checklist Of Validation:

Option	Validation
Do all text links lead to the appropriate web pages?	YES
Do all the image links lead to the appropriate web pages?	YES
Are all images and links clearly visible in web pages?	YES
Is web page opening properly in all tested web browsers?	YES
Are animations loading well?	YES
Is the website responsive?	YES
Is website taking too long to load?	YES
Is the navigation sequence correct through all the webpages on the site?	YES
Is the JavaScript code working as expected in all click events?	YES

Together, we are building a more sustainable, efficient, and innovative future in packaging.

WHY TO CHOOSE US OR WORK WITH US?

High-Quality Materials: We use premium-grade PET resin to ensure our bottles are durable, lightweight, and safe for a variety of uses, from food and beverages to pharmaceuticals. Eco-Friendly Practices: Our commitment to sustainability drives us to offer eco-friendly packaging solutions, using recyclable materials and minimizing environmental impact in our manufacturing processes. Customization Options: We provide a wide range of sizes, shapes, and designs to meet your specific branding and functional needs, allowing for tailored solutions that stand out in the market. Cost-Effective Solutions: We offer competitive pricing without compromising on quality, helping you maintain a budget-friendly and reliable packaging option. Fast Turnaround Times: With efficient production processes and reliable supply chain management, we ensure timely deliveries to keep your business running smoothly. Industry Expertise: Our experienced team brings in-depth knowledge of the PET bottle industry, offering you valuable insights and advice on the best packaging options for your product. Strong Customer Support: We pride ourselves on providing exceptional customer service, from pre-sales consultation to post-sales support, ensuring your experience is seamless and satisfying. By emphasizing these points, you can clearly communicate the value your PET bottle company offers to potential clients.

NAVBAR: It is used to navigate from one page to other within the website

CAROUSEL:

It is used for display of multiple images in a single plane

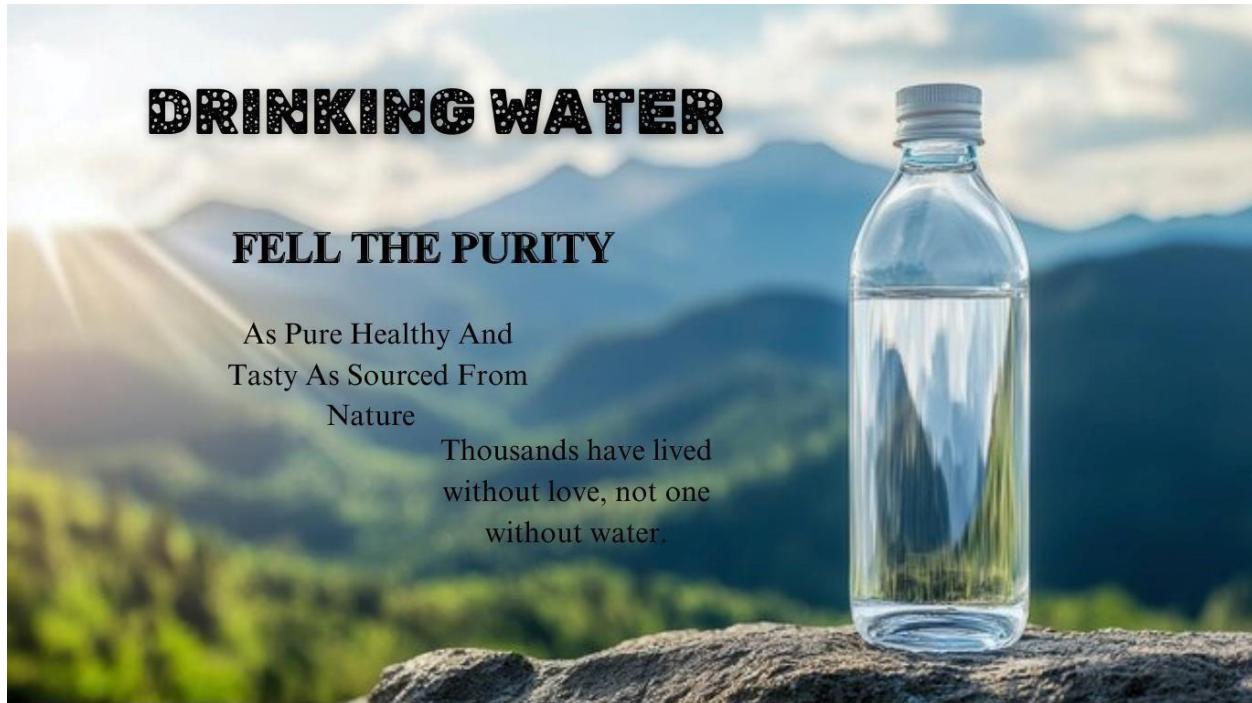

GALLERY: A **Gallery** is a visual display of images or videos organized for viewing.

CATEGORIES: It has 9 type of categories

DRINKING WATER: Drinking water is consuming water to stay hydrated.

DRINKING WATER

FELL THE PURITY

As Pure Healthy And
Tasty As Sourced From
Nature

Thousands have lived
without love, not one
without water.

FRAGANCE: Fragrance is a pleasant scent or aroma.

FRAGRANCE

THE ART OF THE LOVE

Perfume and fashion share an intimate connection, each enhancing the allure and identity of the wearer. Fashion icons and designers have long acknowledged the role of scent in completing a look, much like the final brushstroke on a masterpiece.

SKINCARE: Skincare is the practice of caring for and maintaining healthy skin.

Beautiful skin requires
commitment, not a miracle.
Healthy skin is always in
The best makeup foundation you
can wear is glowing skin

HAIR CARE: Hair care is the routine of maintaining healthy hair.

HAIR CARE

With good-looking hair, I can
deal with anything.
Happiness is a good hair day.
Have a good hair day.
I didn't want to go out, but my
hair looked too good to stay in.

LIQUOR: Liquor is a distilled alcoholic drink.

LIQUOR

That's the problem with drinking,

I thought, as I poured myself a drink. If something bad happens you drink in an attempt to forget; if something good happens you drink in order to celebrate; and if nothing happens you drink to make something happen.

EDIBLE OILS: Edible oil is oil used for cooking.

EDIBLE OILS

Edible Oils are catchy phrases that highlight the goodness and benefits of different oils. They emphasize health, taste, and versatility, helping consumers make informed choices.

PESTICIDE: Pesticide is a chemical used to kill or control pests.

I feel that good food should be a right and not a privilege, and it needs to be without pesticides and herbicides. And everybody deserves this food. And that's not elitist.

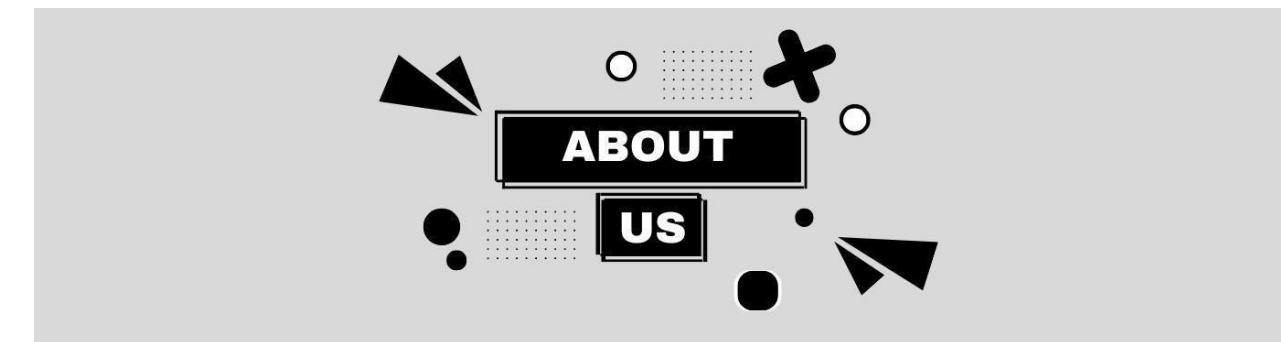

HOUSEHOLD CHEMICAL: Household chemicals are cleaning and maintenance substances used at home.

Pharmaceuticals: Medicine and drugs for health.

ABOUT US:

A B O U T U S

ABOUT US

At PET BOTTLE COMPANY, we are a leading manufacturer of premium PET, PP, and PC bottles, dedicated to providing innovative and sustainable packaging solutions for a diverse range of industries. With decades of experience in the packaging sector, we specialize in producing high-quality bottles that meet the unique needs of sectors such as food and beverage, pharmaceuticals, cosmetics, household products, and more. Our state-of-the-art production facilities and advanced manufacturing processes ensure that every bottle we produce is durable, lightweight, and meets the highest standards of safety and functionality. We take pride in our commitment to quality control, ensuring each product is carefully crafted to exceed industry standards and provide optimal performance for our customers. At PET BOTTLE COMPANY, we understand the growing demand for environmentally responsible packaging. We are passionate about sustainability and continually invest in technologies that reduce waste, improve recyclability, and lower our environmental footprint. Whether it's through offering eco-friendly alternatives or optimizing packaging designs for efficiency, we are committed to driving positive change in the packaging industry. Our experienced team works closely with each client to provide tailored solutions, from design and development to delivery, ensuring that your packaging aligns perfectly with your brand identity and operational needs. With a focus on customer satisfaction, reliability, and continuous innovation, PET BOTTLE COMPANY is your trusted partner for all your bottle manufacturing requirements. Together, we are building a more sustainable, efficient, and innovative future in packaging.

WHY TO CHOOSE US OR WORK WITH US?

High-Quality Materials: We use premium-grade PET resin to ensure our bottles are durable, lightweight, and safe for a variety of uses, from food and beverages to pharmaceuticals. **Eco-Friendly Practices:** Our commitment to sustainability drives us to offer eco-friendly packaging solutions, using recyclable materials and minimizing environmental impact in our manufacturing processes. **Customization Options:** We provide a wide range of sizes, shapes, and designs to meet your specific branding and functional needs, allowing for tailored solutions that stand out in the market. **Cost-Effective Solutions:** We offer competitive pricing without compromising on quality, helping you maintain a budget-friendly and reliable packaging option. **Fast Turnaround Times:** With efficient production processes and reliable supply chain management, we ensure timely deliveries to keep your business running smoothly. **Industry Expertise:** Our experienced team brings in-depth knowledge of the PET bottle industry, offering you valuable insights and advice on the best packaging options for your product. **Strong Customer Support:** We pride ourselves on providing exceptional customer service, from pre-sales consultation to post-sales support, ensuring your experience is seamless and satisfying. By emphasizing these points, you can clearly communicate the value your PET bottle company offers to potential clients.
